## Autographed & Personalized Christina Aguilera Car to be Auctioned in San Antonio

*The 2010 Chrysler eco style Edition will be auctioned on April 10*

TULSA, Okla. (March 30, 2010) — Leake Auction Company and Dan Kruse Classics have been selected to auction a 2010 Chrysler eco style Edition that was autographed and personalized by recording artist Christina Aguilera. The car will be auctioned during the second annual Dan Kruse-Leake Collector Car Auction at the Gonzalez Convention Center in San Antonio on April 10 at 2pm. All proceeds from the sale will benefit Christina's charity of choice, the United Nations World Food Programme, with relief going towards Haiti.

Christina Aguilera was selected to personalize this one-of-a-kind, vanilla exterior and cactus interior luxury car. The eco style edition uses recycled materials, such as recycled rubber for the floor mats, bamboo wood interior, 100% recycled metals and includes a fuel efficiency system that reduces the 8 cylinder engine to 4 cylinders when necessary.

"We have established a wonderful relationship with Stars for a Cause to auction several celebrity cars in 2010," stated Richard Sevenoaks, president of Leake Auction Company. "When each celebrity car is auctioned, the proceeds benefit a charity of the celebrity's choice. The charities desperately need additional funds right now, and we are honored to help through this auction, as well as our other auctions this year."

The auction will also feature a 1931 Reo Flying Cloud, which was built for Amelia Earhart. It is extremely rare and is the only one known to still be in existence.

Also unique to this year's auction is a 2005 Mustang Saleen. The Mustang was featured in the blockbuster movies Transformers and Transformers 2 as "Barricade," the Decepticon police car.
